Footage renewed 10
The number of services taken out of the office in 1842:

For one half 100
For three fourths 90
For one inch 90
For one fourth inch 70

For two each 120
For four each 140
For six each 150

For delivering extra 0

Amount paid Treasurer for some 329.00
V. F. C., for the increases of water in the reservoirs and consequent loss of deposits, the process of cleansing was commenced in 1842. In 1843, the water in the Upper reservoirs was cleared of all such debris, and the work has been continued to the present time. The amount paid to the Treasurer for this purpose has been $329.00.

LOCAL AFFAIRS.

The Board of Public Works met at City Hall, on Monday, 1842, for the purpose of considering the questions of drainage and water supply. The Board decided to continue the work of clearing the reservoirs and to construct a new water works at the cost of $3,000. The Board also discussed the possibility of extending the water supply to the north side of the city.

WASHINGT.

The weather continued mild and sunny. The temperature was around 50 degrees Fahrenheit.

The property of the Corporation consists of the City Hall, which cost $50,000, and 140 feet on the north side of the street, being the site of the future City Hall. The property is valued at $60,000.

The Board of Public Works decided to extend the water supply to the north side of the city. The new water works will be located on the east side of the river.
