The Board of Health passed a resolution expressing its appreciation of the promptness and efficiency with which the Chief Engineer of the Water Department, in removing sewerage as possible for him to do, the very great amount completed in the last forty-eight hours from the Kennington Works, and for his courteous and prompt attention to the suggestions of the Committee. This resolution is the text of this most prompt homage.

This writer says:—"We understand how well informed were these men, who have had their education in the new schools, and who have been trained when the water was being brought into the city. We are informed that the water has a number of peculiar and interesting features in the works, and that the new Profession is making very rapid progress.

Date: 9th June 1494.

The Board of Health also passed a resolution recognizing the help on the part of the City Corporation to the water works, and for the cooperation of the various public and private interests in the matter of the water works. This resolution is the text of this most prompt homage.
